<b>Enter your reflective comments</b>	<p>During semester 2021, students who were identified as needing additional catch-up assistance continued to be seen at least three times per week by the tutor and/or our additional learning intervention teacher. Whilst Reading and Mathematics were the key areas for focus, some additional assistance in writing was also provided.</p> <p>Learning progress was measured using Essential Assessment, Fountas and Pinnell running records as well as more specific assessments including the LEST, SPAT and the DIRT (literacy assessment tools).</p> <p>The work of PLCs remained rigorous and strong with teams meeting weekly to action their learning inquiries.</p> <p>In term 4, we identified a new layer of aspiring teacher leaders who participated in PLC training. these staff are now</p>
---------------------------------------	---

	<p>Instructional Leaders of teams and we have all staff with a strong, shared understanding of the purpose and work of PLCs. Co-developed learning goals in Literacy and Numeracy assisted all students to know what their next steps in learning were and can articulate these to their families.</p> <p>During semester 2, and particularly upon the return to onsite learning in term 4, the reengagement of every student was a key area of concern. Close monitoring of attendance data by every class teacher and then the prompt follow-up action by the leadership team was prioritized to ensure absences were minimized.</p> <p>Continued monitoring of engagement data (including attendance data, PIVOT surveys, and Student Attitudes to School Surveys (ATTOS) by the School Improvement Team (SIT) team and with all staff, was a regular feature of meetings so that early identification of students and/or parents/ carers at risk of disengagement occurred and appropriate supports provided.</p>
<p><b>Considerations for 2022</b></p>	<p>In 2022 we anticipate the following key areas for future development in Teaching and Learning include:</p> <ul style="list-style-type: none"> <li>- Documentation of current pedagogical practices in all areas of the WPS curriculum program.</li> <li>- Continued participation in the Peer Observation program across Prep-6 PLCs</li> <li>- The continuance of the Tutor Learning program to focus on Reading and Mathematics for identified students.</li> <li>- Numeracy will be a key area of focus for our school.</li> <li>- Catering for neurodiverse learners will continue to be a focus for whole school professional learning related to ADHD, ASD, SLDs</li> <li>- Continued coordination of O.Ts, Visiting teachers and other allied health professionals for student observations and assessments to support student learning, inclusion and wellbeing.</li> <li>- Continued fortnightly meetings with the HB Allied Health team (SSSOs)</li> </ul> <p>In the wellbeing space, the following tasks will be actioned in 2022:</p> <ul style="list-style-type: none"> <li>- Continue to build the capacity and collective knowledge of staff to use positive education strategies within the classroom learning environment.</li> <li>- Reintroduce whole school celebrations and events including Bastille Day, The Willy Games, Buddies, Clubs, whole school assemblies, will be prioritized once again if COVID safe guidelines allow it.</li> </ul> <p>The school will return to the use of mixed groupings such as house teams, year levels, sub schools and home groups to promote students' building of strong relationships with peers.</p> <ul style="list-style-type: none"> <li>- Further PL in the Respectful Relationships space will take place for staff and student in order to strengthen knowledge and inclusive practices for all members of the community.</li> <li>- Parent/Carer Education programs will be provided in the areas of Gender and Health Education, Respectful Relationships and Digital technologies.</li> <li>- We will review the structure for the Willy Clubs program so that a PLC model is adopted to ensure every year level has at least one club program to attend each week. Students will provide greater input into what clubs should be planned.</li> </ul>
